Description

It is the mission of Student Accessibility Services, in conjunction with the Academic Center and faculty, to provide equal access to all of St. Joseph's College programs and services in order to create a supportive campus environment. Student Accessibility Services' guiding philosophy is a student-centered approach that focuses on maximizing student strengths to ensure that each student realizes their full potential. Through support services, students can achieve personal, academic and vocational goals. St. Joseph's College is committed to serving and empowering our students in becoming their own best advocates. Services may include, but are not limited to the following:

• Extra time on testing, assignments and/or labs

• Note-taker

• Tape-recording of the classroom lecture

• Alternate seating

• Adapted test-taking
